Multi-floor letting available upto 30000 sq/ft

Stadium House provides a fully inclusive and comprehensive package of services based upon the specific and personal requirements of each client. We pride ourselves in being able to offer a fully operational office at a fixed cost with speed and ease, whether the client is a small start-up business or a large established organisation.

Our comprehensive range of services, combined with our commitment to providing an exceptional level of service and support, will ensure that you can move into a fully equipped and operational office, with access to all the latest information technology, within a matter of days. There are no complex lease negotiations to conduct, which can invariably lead to significant legal costs being incurred and time delays. At KPG we use a straightforward Licence Agreement in order to finalise a contractual agreement with our clients.

Regardless of the amount of office space which may be required by a client, the following range of services and components form an inclusive part of the package, and therefore part of the fixed monthly rental cost payable by the client:

Rent, rates, light, heat, insurance, cleaning, repairs & maintenance, reception services, telephone answering in company name, use of telephone system and Facsimile services, and use of photocopying facilities.
